

Item Code: TRD EMS Energy Data Management License

Lead Time: 7-10 Days

Item Description:

Application Energy Data Management; Single License; Online activation

With WAGO's Energy Data Management solution, you can record and visualize your measurement data for different media and influencing variables (as well as the key figures calculated from it) in no time. Continuous acquisition and monitoring provide the basis for resource-efficient energy usage – the environment will thank you, and your operating costs will be minimized. As an added bonus, conformity with DIN EN 50001 for energy evaluation is part of the package.

WAGO Energy Data Management consists of Web-based application software combined with a modular control system. It records measurement data for different media along with influencing variables for energy monitoring – all are processed for additional analysis, archiving and reporting. The software automatically detects different signals from the connected meters and sensors, making them available to additional energy analysis tools via simple parameter settings. This insight guides you in optimizing energy consumption in your building or production facility – either locally or across the globe.

Compatible Controllers/Touch Panels:

- PFC200 G2; PFC200 Controller as basic unit, available in different configurations: 750-821x
- PFC200 G2 XTR; Alternative: PFC200 for extreme environments: 750-821x/040-000
- Touch Panel 600 Standard Line; PIO3; 762-4304/8000-0002
- Touch Panel 600 Advanced Line; PIO3; 762-5304/8000-0002
